Graphcore Paid Internship For Graduates 2025

Description

Join Graphcore's dynamic internship program and gain firsthand experience at the forefront of AI and machine learning technology. As an intern, you'll have the opportunity to work with innovative teams on projects that are transforming industries. This is an ideal opportunity for students and recent graduates to immerse themselves in a fast-paced environment, contributing to the development of pioneering AI hardware and software solutions.

Responsibilities

Interns at Graphcore are entrusted with meaningful responsibilities that foster personal and professional growth. You will:

- Collaborate with experienced engineers and developers on AI and machine learning projects.
- Assist in the design, implementation, and testing of AI applications and infrastructure.
- Participate in team meetings, contributing ideas and solutions for ongoing projects.
- Conduct research and present findings to internal teams, providing insights that drive innovation.
- Engage with cross-functional teams to support the development of cutting-edge technology.

Qualifications

To thrive in the Graphcore internship program, candidates should possess:

- Enrolment in a Bachelor's, Master's, or PhD program in Computer Science, Engineering, Mathematics, or a related field.
- A strong academic record demonstrating a passion for AI, machine learning, or data science.
- Excellent problem-solving abilities and a proactive approach to learning.
- Familiarity with programming languages such as Python, C++, or similar.
- Strong communication and teamwork skills.

Job Benefits

Graphcore offers a unique set of benefits designed to enhance your internship experience:

- Competitive remuneration and potential for relocation assistance.
- Access to cutting-edge technology and resources.
- Mentorship from industry leaders and professionals.
- Networking opportunities within a global tech community.
- Potential for full-time employment upon successful completion of the internship.

Experience

Hiring organization

Graphcore Internship

Employment Type

Full-time, Intern

Duration of employment

6

Industry

Semiconductor Manufacturing

Job Location

London, England, United Kingdom,
E1 7HT, London, England, United Kingdom

Working Hours

8

Base Salary

10

Date posted

February 2, 2025

Valid through

15.04.2027

Interns will gain invaluable experience working with some of the brightest minds in the tech industry. You will:

- Develop practical skills in AI and machine learning, enhancing your technical expertise.
- Learn to navigate complex projects from inception to execution.
- Gain insights into the operational dynamics of a leading AI technology company.

Skills

By the end of the internship, you will have honed skills that are essential in the tech industry, such as:

- Advanced technical proficiency in AI and machine learning techniques.
- Enhanced problem-solving and analytical capabilities.
- Improved collaboration and communication skills.
- The ability to work effectively in a fast-paced, innovative environment.

Contacts

To apply for the Graphcore internship program:

1. Visit the Graphcore careers page and locate the internship section.
2. Submit an online application with your updated resume and cover letter detailing your interest in AI and machine learning.
3. Participate in an initial assessment to evaluate your technical skills and knowledge.
4. Attend an interview with the hiring team to discuss your qualifications and fit for the program.

Embark on a rewarding journey with Graphcore, where your contributions will pave the way for future technological breakthroughs in AI and machine learning.
